Per Participant	\$263
Per Instructor	\$510
<b>200+ Participants</b>	
Per Participant	\$247
Per Instructor	\$510

Each additional instructor guide per level is 50% of initial price.

There is a minimum purchase of five participant manuals and one instructor guide for each level licensed. Participant purchases are cumulative when determining manual pricing. *(For example, purchasing for 25 Level 2 Audit participants and 55 Level 4 participants would result in cumulative purchase of 80 participants resulting in a \$232 price per participant per the above pricing table.)*

Many clients are using our materials in an electronic format. However we do offer a printed option. If you would like to purchase our printed materials, we pass through their printing and shipping costs. Printing costs can be estimated at \$20 per participant binder and \$30 per Instructor Guide and shipping costs will vary.

Orientation and **train-the-trainer** program pricing varies depending on your needs and goals. Please call us to discuss further.
