## Material Licensing Program

Many CPA firms choose to license 20-20 learning content and use formally trained in-firm instructors as discussion leaders. In addition to allowing you to deliver the training when you choose, licensing 20-20 training materials allows a firm to address three critical practice management issues:

- 1 Developing a well-rounded skill set for the next generation of leaders
- 2 Producing a unique professional development path for highly valued staff
- 3 Reducing training costs paid to external service providers

Each additional instructor guide per level is 50% of initial price.

There is a minimum purchase of five participant manuals and one instructor guide for each level licensed. Participant purchases are cumulative when determining manual pricing. (For example, purchasing for 25 Level 2 Audit participants and 55 Level 4 participants would result in cumulative purchase of 80 participants resulting in a \$255 price per participant per the above pricing table.)

Many clients are using our materials in an electronic format. However we do offer a printed option. If you would like to purchase our printed materials, we pass through their printing and shipping costs. Printing costs can be estimated at \$20 per participant binder and \$30 per Instructor Guide and shipping costs will vary.

Orientation and **train-the-trainer** program pricing varies depending on your needs and goals. Please call us to discuss further.
