

## Material Licensing Program

Many CPA firms choose to license 20-20 learning content and use formally trained in-firm instructors as discussion leaders. In addition to allowing you to deliver the training when you choose, licensing 20-20 training materials allows a firm to address three critical practice management issues:

- 1 Developing a well-rounded skill set for the next generation of leaders
- 2 Producing a unique professional development path for highly valued staff
- 3 Reducing training costs paid to external service providers
